### ***Bay West Awarded Nebraska and Iowa Environmental Remediation Services Task Orders by the US Army Corps of Engineers-Omaha District***

ST. PAUL, MINNESOTA—**Bay West, Inc.**, an environmental services company, announced that it has been awarded two Environmental Remediation Services (ERS) Contract task orders by the US Army Corps of Engineers, Omaha District. Bay West will perform a remedial action involving removal and disposal of bullet fragments and other debris from target range berms at the former Kearney Firing Range in Kearny, NE, and asbestos abatement, building demolition, and UST removal activities at the former Waverly Air Force Radar Station, IA.

These task orders were issued under an Omaha District ERS contract, a contract mechanism that allows Bay West to be accessed by Omaha District customers in the continental United States. Projects under this contract encompass the full range of environmental services from site characterizations and investigations, to design and engineering, to remediation and site closure.

**Bay West** provides environmental, industrial, and emergency services to commercial and government customers nationally.
